	AM KuarSingh is invested in bringing about a future where unions are reflective of the members they serve. This means imbuing clarity, accountability and accessibility in every aspect of representation. As a former Local President, Regional Council member and National Vice President, they understand firsthand, the barriers members are facing, the ways in which union leaders need to do better and the gaps in the collective agreements, bylaws and other regulations that hurt rather than help members. As a delegate, they can be the means that puts your own voice forward – boldly and loudly. Please select AM KuarSingh as the delegate of your choice, as your voice for the 2027 PSAC Convention. Thank you.
