I'm Amanda Logan, and I'm asking for your support to represent our Electoral District at Convention.

I've seen firsthand that our greatest power lies in unity. When we share knowledge and empower one another, we don't just bridge gaps—we build a stronger, more resilient union. At Convention, the decisions made—from the structure of our dues to the priorities of our equity groups—impact your daily life. You deserve a representative who doesn't just attend, but actively champions your voice.

My track record proves my commitment to our members. Having served as a previous local president, a member on the CEIU Women's NL/NS Committee and co-chair on the PSAC Regional Women's Committee in NL and now a member of the London committee, I am a fierce advocate for protecting women's rights in the workplace. Women are the backbone of our workforce; ensuring they are supported against the unique challenges they face is non-negotiable.

Beyond equity, my mission is to revolutionize how we approach psychological health and safety. Mental health cannot be an afterthought—it must be at the forefront of every policy and negotiation. I am dedicated to pushing for a workplace that is truly inclusive, supportive, and safe for every single member through genuine union-management collaboration.

Convention resolutions define our future. I have the experience, the passion, and the resolve to ensure that future reflects *your* needs.

I would be honoured to be your voice.

In solidarity,

Amanda Logan
