As President of Local 20901, I am asking for your support and your vote to represent you as a delegate to the PSAC Triennial Convention. Convention is where members debate resolutions, establish priorities, and make decisions that shape the future of our union. I am seeking this opportunity because I am committed to strong member representation and advocacy.

Over the past two years, I have led the rebuilding of Local 20901, restoring stability, strengthening governance, resolving years of administrative and financial challenges, and re-engaging members in union activities. I have worked collaboratively with members and executives to improve accountability, represent member interests, and ensure members receive the support and resources they deserve.

My union experience also includes serving as Vice-President of Local 20937, representing a membership of more than 500 members on a wide range of workplace and union issues. Through these roles, I have developed a strong understanding of member advocacy, labour relations, and union governance.

I am particularly passionate about advancing worker rights (pay/telework), in addition to human rights, racial equity, diversity and inclusion, women's issues, accessibility, and creating respectful and inclusive workplaces. I believe our union plays a critical role in advocating for members and ensuring that every member has a voice and an opportunity to be heard. Through my involvement in union committees, employee networks, and member representation, I have consistently worked to promote fairness, inclusion, and meaningful engagement.

I believe effective representation requires listening, collaboration, and action. If elected, I will actively participate during convention, thoughtfully consider the issues before us, and advocate for decisions that strengthen our union and reflect the diverse interests of our membership.

I would be honoured to represent you at the PSAC Triennial Convention and respectfully ask for your vote. Thank you for your support.
