Angela Bryant

Professional Profile

Dedicated union leader, public servant, and workplace advocate with more than six years of service at Immigration, Refugees and Citizenship Canada (IRCC). I have devoted my career to advancing safe, healthy, inclusive, and equitable workplaces through collaborative leadership, principled advocacy, and meaningful member engagement.

For nearly two years, I have proudly served as President of Local 30872, representing members with integrity, transparency, and accountability. My leadership is grounded in the belief that every member deserves to be heard, respected, and empowered. I believe strong unions are built through trust, open communication, and the courage to advocate for what is right, particularly when those conversations are difficult.

My experience spans union leadership, occupational health and safety, employee wellness, equity and inclusion, and public service. Whether advocating for improved workplace conditions, supporting members through challenging situations, or fostering respectful dialogue, I remain committed to strengthening our union and ensuring every member has a voice.

Union Leadership

President

PSAC-CEIU Local 30872 | Nearly 2 Years

As President, I am responsible for representing the interests of our membership while promoting transparency, collaboration, and engagement within our Local.

Key responsibilities include:

- Advocating for members on workplace issues and collective agreement matters.
- Leading Executive and General Membership meetings.
- Promoting member education and participation in union initiatives.
- Working collaboratively with management through Labour-Management Consultation Committee (LMCC) meetings.
- Supporting members by connecting them with resources and advocating for fair and respectful treatment.

- Strengthening communication and engagement within the Local.
- Promoting solidarity and fostering an inclusive union culture.

Occupational Health, Safety and Wellness Leadership

For more than five years, I have actively served on IRCC's Occupational Health and Safety Committee while also serving as an IRCC Wellness Ambassador. Throughout this time, I have worked to improve workplace health, psychological safety, employee wellness, and organizational culture.
