Please consider my application for participation as a delegate to the upcoming PSAC tri-annual Convention. I am currently the elected president of local 50769 and have been a member at the executive in the local since 2020. I am also the regional representative on the IRCC National Committee for the CEIU Prairies Region. In my participation as a Delegate I hope to bring a voice to IRCC members in my region. I have been actively engaged in supporting members through work force adjustment and multiple departmental reorganization and participated in the Financial resolution committee of CEIU which further contributed to my learning and development as an activist in the labour movement.

I believe that I can contribute to binging meaningful solutions and supporting resolutions that will have significant impact on our members. I also see this as an opportunity to bring discussions that will work towards solutions discussed during the PSAC convention in 2027 and to be able to support the labour movement even further. I hope that the participation at the PSAC convention will allow me to continue to grow my learning within the union and provide the opportunity to collaborate with members across Canada in solidarity.

Brigitte Dorge

Local 50769

President and IRCC National committee Prairie regional representative
