My passion is Human Rights. I have attended many courses thru CEIU and PSAC. I was a finalist the Employer EPN Elliott Welch Memorial Award for Pride advocacy in intersectional human rights and for the safety of the community in African countries. I was awarded the PSAC Regional Human Rights Warrior award at Regional Triennial Convention. I supported the Indigenous group Camp Marcedes who were maintaining the Spirit Fire behind the Winnipeg Human Rights Museum for Missing and Murdered Indigenous Women by showing solidarity in pressuring the government to search the landfill. I attended an Enquiry in Edmonton into MMWIG. I attended the Alberta rally for Trans rights, and a rally for Alberta teacher's rights against the not withstanding clause. During the Strike three years ago, i

addressed the issues of accessibility by arranging for porto-bathrooms near the Edmonton Women's Institute strike site and assisting members with ambulatory differences, to participate in meaningful ways that did not involve walking the picket line.

Advocacy is my calling. I would be humbled to have your vote to represent you at Convention. My door is always open.
