Resume

Helen N King

I am a seasoned public servant and union leader with 33 years of experience**,** primarily with Immigration, Refugees and Citizenship Canada (IRCC) and had work with the ESDC Call Centre in Glace Bay, NS before it closed.

I have extensive and respected union leadership background**,** including 33 years as a union member and 14 years as President of CEIU Local 80226(Sydney, NS-IRCC). My leadership experience spans local, regional, and national levels. I most recently hold the role of National President for CEIU and was NEVP for CEIU prior to stepping into the President role. I held two terms as NVP for IRCC, Alternate National VP (IRCC) and Alternate National VP NL/NS as well.

I want to be able to debate and establish national union priorities for the next cycle, both on crucial resolutions, budgetary allocations, attend regional caucuses at Convention, vote for our new PSAC National President and National Executive Vice-President who will be our collective voices for change moving forward.

I have experience in all my local, regional, and national roles in constitutional governance, collaboration and reviewing multi-million-dollar budgets. I have been on by-law committees, finance committee, the CEIU National Executive and I have voiced concerns, advocating at all levels for my members and always will. I am a strong union advocate and dedicated to upholding the integrity of our union values and Constitution.

I will bring back the tools, knowledge, information, and decisions made at the Convention to my local members and advocate to push outcomes from Convention to the membership.

In solidarity,

Helen N. King
