My name is Janice Strong

Please accept this resume for consideration of being a candidate at the 2027 PSAC National Triennial Convention scheduled from May 29th, 2027 to June 3, 2027 in Halifax, Nova Scotia.

I have been a union member since 1997. Shortly after starting with the Federal Government, I helped establish an executive for the Vancouver call centre, which had not previously had one. This ignited my passion of supporting people.

While I have always supported the union, I became more actively involved in 2017 when I took on the role of a steward for Local 570. From there, I progressed into executive positions including Secretary, Treasurer, Vice President of Stewards in 2024, and most recently, President in 2026.

My focus in joining the executive has always been to support and represent our members. This includes providing answers to questions, assisting with difficult workplace issues, and advocating for their concerns. Since 2017, I have worked collaboratively with management on the health and safety committee to help ensure our members have a safe and healthy work environment. I also continuously seek to strengthen my knowledge.

My strong passion for supporting people allowed me from September 2012 to early 2019, to run a support group for mothers of children with special needs. I have also serve as a director on a condo board where I live and contributed to the

development of our community and supported homeowners with their concerns.

I am seeking selection so I can bring forward the voices and concerns of our members when shaping leadership within PSAC. It is important to me that their perspectives are included in these discussions.

Thank you for considering me to represent my local at this convention.

Sincerely,

Janice Strong
