WHAT I'VE DONE

- Built ceiulocal621.ca so every member, with or without social media, can find what they need
- Designs the local's posters and keeps the union board current
- Revived the local's social media and runs its Kind Gestures campaign
- Coordinates AGMs and executive meetings, keeps records
- Answers member emails and connects people to the right help
- Handles grievance and DTA casework, writes templates for stewards' first grievances, and stays their resource throughout
- Aids in records, communications, and outreach as Secretary of the CEIU Ontario DAC
- Conference and convention experience as both delegate and observer

Why I'm the Right Choice

Three years in, I've become the local's reliable go-to: the fine print, the rules, the regulations, the policies. If I don't know the answer, I go find it.

I bring lived experience as a woman and a person with a disability to every table I sit at, advocate for members with disabilities through my DAC work, and show up for 2SLGBTQIA+ rights through Local 621's Pride events.

I want to put that experience, my voice, and my energy to work for our region and for members across CEIU. This work is stressful, but every member I help makes it worth it.
