My name is Keri Ford, and I am the current President of CEIU Local 20937. Since becoming an active member in early 2022, I have proudly served in several roles, including Women's Representative Alternate, Occupational Health and Safety (OHS) Representative, Secretary Alternate, Shop Steward, and now President. These experiences have strengthened my commitment to member representation, workplace advocacy, and union activism.

I am applying to be a delegate to the 2027 PSAC Triennial Convention because I believe it is an invaluable opportunity to expand my knowledge, develop new skills, and enhance my ability to serve our members effectively. I am committed to continuous learning and to bringing new ideas and best practices back to our local.

I previously attended a PSAC Triennial Convention as an observer, which deepened my understanding of our union's democratic processes and inspired me to become more actively involved. I have also attended the 2026 PSAC BC Regional Triennial Convention and the 2026 CEIU National Convention as a delegate, where I participated in discussions, debates, and networking opportunities that broadened my understanding of issues affecting our members and our union.

As a delegate, I would actively engage in convention discussions, resolution debates, and learning opportunities. My experience in a variety of leadership roles has provided me with valuable perspectives that I would bring to Convention while remaining open to learning from others across the country.

If selected, I will share the knowledge, resources, and information gained with our members and use those insights to strengthen engagement and representation within our local. I would be honored to represent CEIU and contribute to PSAC's commitment to solidarity, respect, progress, and inclusivity.

Thank you for considering my application.

In solidarity,
Keri Ford
President, CEIU Local 20937
