Statement of Intent

I am seeking your support to represent CEIU at the PSAC Triennial Convention.

With over 20 years of union activism and leadership, I understand the importance of ensuring that **members**—not just leadership—have a strong voice in the direction of our union.

As a delegate, I will bring my experience, but more importantly, I will bring the **concerns, priorities, and perspectives of our members** to the convention floor.

I will advocate for a PSAC that is **strong at the bargaining table, defends our workers, committed to equity and inclusion, and accountable to its membership**.

I believe diversity must be reflected in our leadership, our decision-making, and every level of union activity. **Leadership by design means creating space for every voice, challenging barriers, and turning advocacy into action.**

I am asking for your support to represent CEIU and to help build a **stronger, more inclusive, united, and member-driven PSAC**.

In solidarity,
Lisa Prescott
