With nearly a decade of dedicated union activism, I offer a unique and comprehensive perspective on labor dynamics, having served in leadership roles at both the provincial and federal levels. Currently serving as one of four Vice-Presidents for **CEIU Local 80216**, I have consistently prioritized member education and training to ensure our collective remains informed and resilient. My leadership was most visible during our recent federal strike, where I served as a **Picket Captain at 1800 Argyle**, successfully mobilizing membership at one of the region's busiest locations while advocating for the vital benefits of our Union within the community.

My background includes foundational experience as a Chief Steward with the **NSGEU**, which provided me with the grassroots expertise needed to navigate complex labor relations. I am deeply committed to mentoring the next generation of workers, bridging the gap for newer members by illustrating how their current rights and privileges are the direct result of active union struggle. I recently served on the Host Committee for the 2026 PSAC Atlantic Triennial Convention. Appointed as Alternate Director for the 2SLGBTQIA+ Committee, bringing a strong commitment to human rights advocacy. As a candidate for the 2027 PSAC National **Triennial Convention**, I seek to bring this blend of strategic federal experience and "boots-on-the-ground" provincial history to the national stage, ensuring that the voices of our local members are represented with passion, experience, and an unwavering commitment to continuous learning.

Maurice (Moe) Gautreau
