Monica Turley – Local 40818 Vice-President, IRCC Saskatoon

I am the Vice-President of our local union in Saskatoon, representing about 50 members at Immigration, Refugees and Citizenship Canada. Our local executive was created in May 2025, and I have been involved in helping build it from the beginning.

In my role, I support members with workplace issues, help share information, and encourage people to get involved in the union. I am focused on making sure members feel heard and supported.

Since our local is still new, I would like to attend the PSAC Triannual Convention to learn more about how to better represent and support our members. I am interested in gaining knowledge and ideas that I can bring back to help our local grow stronger.

I am committed to supporting our members and continuing to build a positive and active union.
