PSAC National Triennial Resume

My name is Peter Bach, and I have been the President for Local 648 for two years. My union journey began as VP Equity, 2nd VP, 1st VP, then elected President in 2024.

I collaborate with the Service Managers and Directors of Scarborough Town Centre. Our first JLP since the pandemic was LUMCC where both sides agreed that we want you to be happy where you work.

I attend conferences and conventions so I can represent your voice when I have a seat at the table. My intention to attend is solely focussed on sharing your voices. It is something I hold dear and have enshrined in my local and my executives.

With a possibility of WFA coming, I am the name that everyone knows and trusts. I have filed many grievances when applicable and have drafted over 100 DTA requests since our return to the office. We decided to send all the names of members with DTA to my secretary to match possible affected WFA members if it happens. I take equity and fairness seriously and take preventative measures to assure you are protected.

Lastly is my union activism with you, which is the most important aspect of being the president. I stive to treat all of you with a kind and understanding approach that I learned in my 19 years of social work. Over the last two years of being the president, I have founded a positive relationship with management who trust, rely and call on me to help you.

Please vote for me to be your voice at the PSAC National Triennial Convention.

In Solidarity,

Peter Bach

President Local 648

PSAC GTA MDAC Chair

PSAC GTA PRIDE Treasurer
