Raymond Motee

A little about me.

My name is Raymond Motee, and I am running to be one of your delegates at the PSAC National Triennial Convention.

I am a CSO at the Etobicoke SCC and currently Local President for Local 546 representing Front End Members.

In addition, I am one of the GTA District Representatives on Ontario Regional Council and ORC advisor for the Front End Committee. I have also been recently elected as the Region 5 Representative for PSAC, representing PSAC members in the GTA as well.

Some information about me. I was a lawyer for about 10 years but left the practice of law after burning out due to depression. I then worked as a produce clerk for a major grocery chain before joining the Federal Public Service. This experience serves me well and is why I am passionate about assisting the Front End. Some people put me on a pedestal for my legal experience, but I do not belong there. My place is by your side, representing you.

Why Vote for me?

Advocacy is one of the most important roles I serve. Every six to eight weeks I sit at the RUMCC table across from Senior Management like Assistant Deputy Minister Mary Ann Triggs and the Directors General and I have been an effective advocate for CEIU members, particularly Front End members. I have been the Union Co-Chair twice at RUMCC.

Good advocacy depends on good relationships. I currently sit on PSAC's Ontario Regional Council, where my role as an advocate is more political. Building relationships is essential in this role and I have already started to do so with other components and DCL's within PSAC. With these relationships, I can be an effective advocate for CEIU.

Thank you for your consideration of my candidacy.
