Hello,

I am writing to express my interest in attending the 2027 PSAC National Convention as a delegate, and I hope you will consider my application based on the experience and qualifications outlined below.

With 25 years in management prior to my last 7 years as a union activist, I have an understanding of labour relations. I hold a certificate in HR management with a focus on collective bargaining, which has shaped my approach to fair and informed decision-making. My work has consistently involved gathering pertinent information, applying root-cause analysis, and taking corrective actions, all of which are essential when addressing issues both positively and constructively.

In addition to my background in disaster management and OSH, I have extensive experience working with systems like the London Protocol, which has further developed my problem-solving abilities. The skills provide me with the ability to ensure that decisions are both evidence-based and mindful of the nuances that shape our collective interests.

Since becoming involved with CEIU Local 50752, I have had held the positions of Vice President for one year and President for the past six years. During my tenure, we have filled executive positions, increased member involvement, and regained our compliance standing. I have also represented our local at the PSAC Prairies Convention, where I was selected as 2nd alternate to the Westman Representative on the PSAC Prairies Regional Council (hope to become the representative in 2026) and was the Vice Chair of the Westman Area Council from 2022 to 2026.

I serve on the finance committee within the CEIU MBSK region, where I actively contribute to decisions that affect the region's operations and its members. My goal is always to ensure that the voices of rural and remote members are heard at every level, advocating for fair and equitable outcomes.
