Stephane Mukendi

CITIZEN SERVICES OFFICER

Statement

As a dedicated member, I seek to represent CEIU at the PSAC National Convention because I am committed to amplifying the voices of all members particularly those members from the Service Canada Centres and members who are marginally represented at these events. I am a proven leader having served as a steward and in a leadership role with little to no prior union experience. In addition, I am equipped with the knowledge of the challenges and experience as a front-end employee as well as from other areas of work in my own local. Attending this convention will allow me to contribute actively to the political dialogue and ensure the leadership we elect supports our front-end employees and overall CEIU.
