Susanne Dier – Delegate Statement / Statement of Intent

I am seeking election as a delegate to the National Convention because I believe our union is strongest when it is driven by the voices of its members. Everything I do in this union is grounded in listening, supporting, and standing alongside members in their workplaces and in their struggles.

Through my work with the Human Rights Committee and the Regional Women's Committee, I have seen firsthand how important it is to create space for voices that are too often overlooked. I am committed to breaking down barriers, advancing equity, and making sure every member—no matter their background or position—feels seen, heard, and respected.

As a former Local President and current Regional and District representative, I have worked directly with members facing real workplace challenges. I have helped navigate grievances, supported members through difficult situations, and advocated for fairness and respect on the job. These experiences keep me grounded in what matters most: the everyday realities of our membership.

I believe strong unions are built from the ground up. That means honest conversations, active listening, and leadership that stays connected to the membership. It also means making sure decisions reflect the needs and priorities of the people we represent.

We are living in a time where solidarity matters more than ever. If elected, I will bring your voices to the Convention floor. I will listen, speak up, and stand firm for fair, inclusive, and forward-looking decisions that strengthen our union.

Together, we can continue building a union that truly reflects the strength, diversity, and power of its members.
