Greetings CEIU Brothers and Sisters,

My name is Vincent Ho and I have been working in the government since 2011 with the province of Ontario and my start in the union was as a steward for OPSEU 5111 and have been with Service Canada ESDC Employment Insurance since October 2020. I joined the local union in 2022 and since then I have helped rebuild Canada Employment and Immigration Union (CEIU) Local 638 which is currently the second largest local in Ontario.

I serve as a Vice President of Processing and also am a co-chair of the Racialized Action Committee which is a CEIU Ontario Regional Committee.

My passion in union is empowering our members as I was a strike captain on the picket line, have been longest involved to to date in my local, serve as a current Health and Safety Representative (at my office), and ran as 2nd Alternate for Region 5 Representative at the PSAC Ontario 10th Triennial Convention. I was among the few selected for the PSAC ON Treasury Board Mobilization Summit in early 2026. I have had the honour of attending the 16th National Triennial Convention in 2023 and since I have had the honour of attending every CEIU Presidents Conference since 2024. I am a big believer in political action which is why I routinely attend PSAC Ontario GTAC meetings whenever possible.

With your support, I hope to make a difference for our members by providing a presence for CEIU and standing up for those who may not always have a voice at the table.

In solidarity,

Vincent Ho
